P R O F I L E

I am a passionate self-taught Developer. I have been learned online platform in Coursera and I have completed a certification course on Full Stack. I am looking for a full-time job as a Front-end or Back-end Developer. Hence, I will provide my service productively. I also have experience in UI and UX design in C1X (India). So I will be able to play both roles Github:https://github.com/kovendan16
